Unplayed matches

(1) v Brixton Old Boys, League (home): Points lost by default; Temple Fortune requested a postponement at the AGM in June 1981 because the majority of First Team players would be attending a wedding on 20th September, the date of the scheduled fixture. Despite the considerable advance notice, the M(S)FL Committee refused to sanction the postponement. Temple Fortune subsequently conceded the match.

(2) v Radom, AMIT, QF (away): Tie lost by default; Temple Fortune requested a morning kick-off but Radom – an AJY team – insisted on the match being played in the afternoon. With the teams unable to agree, the organising Committee ruled that Radom had priority as the home side. Temple Fortune refused to play in the afternoon and the match was awarded to Radom.

* The referee abandoned the match with six minutes remaining due to alleged continuing misconduct of two Temple Fortune players who had previously been sent off. The players, Stephen Bourne and his brother Richard – on his debut – did not contest the sending offs, but the Club decided to appeal to the London Football Association against the charge of causing a match to be abandoned. The London FA cleared Temple Fortune of blame, ruling that the referee had over-reacted. As a result, the Club appealed to the M(S)FL Committee to have the match replayed since it had been incorrectly shortened through no fault of the Club. The League, however, decided that the result should stand but dropped the accompanying fine as a small consolation!
